

Typical duty cycle

- What I want to know is for what amount of time was the IMC 'in a good state' during ER5
- **Remember**, commissioners were still doing work; they didn't stop work to accommodate this run.
- So without trying:

Segment length (seconds)	LHO	LLO	Joint
> 0	89.1%	66.1%	57.7%
> 60	88.8%	65.9%	57.3%
> 2048	80.7%	63.4%	50.2%

Length of time needed to run a CBC search
